"FOXY," A FOXY FOX, is taking no chances on missing out on his Christmas present this year. Doubtless, he learned this "pick up and delivery" trick from the railroad people as "Foxy" is a pet of northern Ontario guide, J. S. Wilkinson, who operates a fishing camp along the Canadian National Transcontinental line through Algonquin Park.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Imagine circling the earth for 2000 years! I see where scientists say Vanguard I may last that long. But did you know two things circling with the satellite came from scientific research for your phone? They're transistors and solar batteries, both invented at Bell Telephone Laboratories, our research center. They team up to help Vanguard's radio send messages back to earth. The transistors act as amplifiers, and solar battery cells supply power from sunlight. Here on earth, solar batteries are still experimental as far as telephones go. But transistors help speed your out-of-town calls by automatically helping to pick the right voice path. So you see, the same telephone progress that helps us improve your service is also helping science explore outer space.

Christmas is generally defined as the festival of the Christian Church observed annually on the 25th day of December in memory of the birth of Christ.

It is further described as being celebrated by the church services, by the giving of gifts, and by general hospitable cheer.

However, in many instances, the year's biggest holiday is "celebrated" in a considerably less pleasant manner.

"General hospitable cheer" may be notably lacking in homes where the nearly 100 persons in the state who die in holiday accidents will be missed.

Or in homes which are caught in the rash of fires which surround Christmas trees each year.

Or in residences which are entered by burglars each Christmas seeking gifts.

In the first instance, we at Pacific Telephone believe that many Christmases will be made merrier by following the National Safety Council's "Yule Rules" for traffic: "Drive Dry, Walk Dry, and Avoid the Christmas rush."

The season also will be made more enjoyable by heeding the warning of fire departments concerning Christmas lights, trees, and gift wrappings.

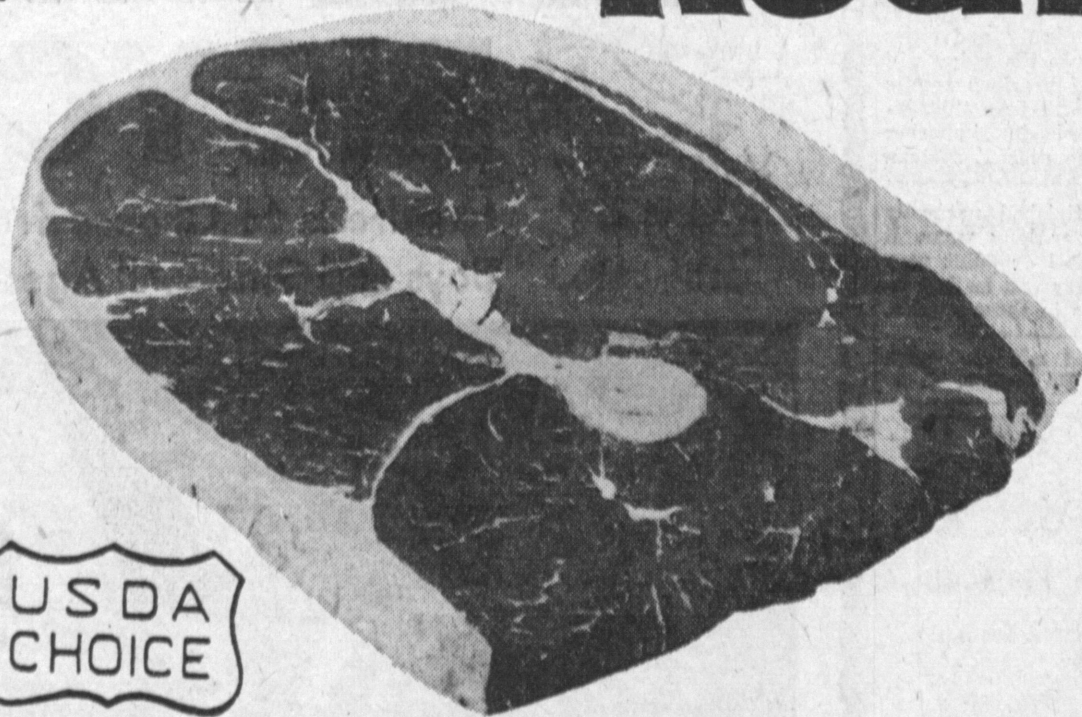

And, lastly, you may have reason to be glad that you locked your holiday decked home when you left.

We at Pacific Telephone wish you the merriest of Christmases and a "Happy New Decade."
